

Local Notice to Mariners

LNTM No.	001/2021
Subject	New Covid-19 Restrictions for Visiting Vessels Wishing to Enter the Bailiwick of Guernsey.

The States of Guernsey's Civil Contingencies Authority (CCA) agreed at its meeting on the 7th January 2021 that **no non-essential travel** into the Bailiwick should take place, in light of recent developments with the COVID-19 pandemic in the United Kingdom and further afield.

Essential travel means:

- For a compassionate purpose (including but not limited to supporting a dependent relative), to receive medical treatment.
- To undertake essential business that cannot be transacted remotely.
- To attend school, university or other further education, or for permanent Bailiwick residents, to return home if they are currently off-island.
- To travel for the purposes of critical work, as an approved critical worker (in line with the existing critical worker application process).

Essential travel does not include:

- Visiting friends and family based in the Bailiwick.
- Working in the Bailiwick if that work is not critical work and approved through the critical worker application process.

Further guidance will be published on the States of Guernsey's COVID-19 website <https://covid19.gov.gg/> and advice can be sought by calling the COVID-19 non-clinical helpline on 01481 717118 during office hours.
