LNTM No.	005/2022
Subject	COVID 19 – End of Border Restrictions

COVID19 border restrictions in Guernsey will cease as of **0001 Thursday 17 February 2022**. The process of inbound passengers requiring a test and having to fill out a travel tracker will stop.

However, travel tracker will remain active for the time being, this allows for passengers to access their own individual vaccination details whilst travelling further abroad. Even though Guernsey has made the decision to end its COVID19 border restrictions, other countries around the world may still have their own restrictions in place.
